JOURNAL OF BUSINESS CONTINUITY & EMERGENCY PLANNING

**Peer-reviewed articles by business continuity and emergency managers**

**Little to no advertising**

**Exclusive 10% discount**

Journal of Business Continuity & Emergency Planning is the leading professional journal publishing peer-reviewed articles and case studies by expert business continuity and emergency managers.

Each quarterly 100-page issue provides practical, detailed analysis of best practice, innovative techniques and new thinking in key business issues - not technical minutiae - with little or no advertising. With actionable advice and 'lessons learned' from fellow practitioners, it shows how plans have been specified, designed, implemented, tested and updated, as well as how they have responded in practice to interruptions, emergencies and exercises.

Articles scheduled for publication in Volume 2, comprising of four 100-page issues, include:

**Managing business risk**

*Building enterprise-wide resilience by integrating BC capability into day-to-day business culture and technology*
Patrick Alesi, VP Business Continuity Management, Lehman Brothers

*How do you distinguish between ‘business as usual’ and ‘significant’ business disruption events and react accordingly?*
Peter Halliwell, Senior Business Continuity Management Advisor, Air New Zealand

*Rolling out a global BCM standard at BP - a map-based system for monitoring threats and preparedness and for coordinating response and recovery*
Alan Moult, BCP Programme Director, BP

*Key components for implementing an integrated business continuity model*
Pierre Wettergren, Head, R&D Business Continuity, AstraZeneca

*A dashboard for measuring capability when designing, implementing and validating BC and DR projects*
Sandeth Sheth, Satyam Computer Services and Joe McHugh, Executive Deputy Director, Operations, State of Maryland Judiciary

*Reputation management in times of crisis - case study of a Scandinavian telecom in Pakistan*
Salman Tariq, Director, Safety & Security, Telenor Pakistan
