DRI

Certification Process

DRI certification is a two-part process: verification of knowledge and confirmation of experience. This includes:

- The receipt of a passing grade to verify a candidate's knowledge of the subject matter.

- An application which may be required to confirm the experience needed for a particular DRI certification. This application may be reviewed by the DRI Commission.

No matter which DRI certification(s) you wish to pursue, the process is easy and our customer care center is ready to walk you through the process step by step. For assistance, call (866) 544-3744 or email driinfo@drii.org.
